Dear Dr. Kobayashi:

Your letter of November 20 has been received. I have followed Dr. Kosyia's researches for a number of years and have had correspondence with him. I feel that he has done a great deal of very excellent research work. I would enjoy very much meeting him and I am glad that he is going to have an opportunity to travel in this country. We will be pleased to have him visit the Department of Parasitology in Baltimore and will try to help him in any way we can. Will you please ask him to let me know as soon as his plans for the trip have been worked out.

Very sincerely yours,

W.W. Cort
